- Item 1 *Light version* **(Price: € 99 /year)**
You will be granted access to the complete catalog of the online register Rail vehicles. This catalog consists of a current day based PDF file with all companies included in the register, sorted according to country and place. The catalog contains information about the class, period of validity, material groups, welding processes and the address of the company in accordance with DIN 6700-2 and DIN EN 15085-2.
- Item 2 *Restricted search including Item 1* **(Price: € 249 /year)**
Item 2 includes Item 1. In addition you can carry out a certification search according to the search criteria place, country and company and to display the associated certificate.
- Item 3: *Full version* **(Price: € 1,700 /year)**
Item 3 includes Item 2. In addition, you can search for certain certificates according to DIN 6700-2 and DIN EN 15085-2. These search criteria are divided in technological and geographical criteria. Technological criteria, for instance, cover the material group, the class or the welding process. Geographical criteria, for example, cover the country, place or third party certification board. You will receive a filtered list of the certificates to which your criteria apply. The associated certificate can be accessed by you. In the event that the associated company decided to participate in the company advertisement, in addition, also company profile and contact information are displayed.
- Item 3.1: *Restricted comfort search* **(free of charge)**
This Item includes a simplified comfort search. Search according to geographical criteria is not possible. The search field shows only the place but not the name of the company. No contact or address information is displayed unless the displayed company uses the company advertisement. In addition, you can access here your own certificate.
- Item 4: *Company advertisement* **(Price: € 299 /year)**
It is possible here for you to represent your company better within the online register. You can enter your own company profile and contact information. An advertising company is shown with a colored background in the search result and is ALWAYS displayed prior to a non-advertising company. All information can be seen also under free-of-charge access (Item 3.1).
